

Farewell Kerry

On the 27th of April the NZBC said farewell to our Executive Director – Kerry Tyack. Kerry first started working for the New Zealand Juice & Beverage Association in 2006 when he was contacted by Carl Bergstrom (the then President of the NZJBA) to help bring some structure to the organization. In that time Kerry has worked hard to build the organization into one of the most respected industry bodies in New Zealand. For those who have had the pleasure of attending the NZBC conferences that Kerry organises they will know they are one of the best conferences in New Zealand and we are pleased to announce that Kerry has agreed to stay on and assist with organising the 2017 NZBC Conference.

Please take this opportunity to join the entire NZBC community in thanking Kerry for all of his efforts over the last 11 years and we are truly thankful for everything he has done for us.
